

Modelo CP8

-
- The image displays three stainless steel components. At the top is a rectangular lock body with a brushed finish and a polished end. It features a logo with 'S4C' and 'STAINLESS' below it. To the left is a square flange with a central circular hole. At the bottom is a pin assembly consisting of a cylindrical pin with a hexagonal base and a flat-top head, mounted on a circular base plate with 'S4C' and '100' markings.
